## 12. NARRATIVE-DETAILS

As a result of the initial contact with department by [redacted] from Congressman Les Aspin's office on 9/29/87. A meeting was set up this date at the Congressman's office which is located in the basement portion of the U.S. Post Office at 210 Dodge Street. In attendance at that meeting were [redacted] Les b6 Aspin, [redacted] b7C [redacted] Information received from that meeting disclosed that the suspect, [redacted] has, on 4 different occasions, those being: Aug. 14, 1987 Aug. 31, 1987 Sept. 29, 1987 one other date that is unknown, [redacted] appeared at Les Aspin's office and has attempted to acquire a position with the DNR and through the contacts has become increasingly hostile and threatening in his nature. At one point he stated when they asked if he had contacted the VA representative at the Job Service he did not have time for those people, I'm crazy, and if you think I'm nuts, you're right. I'm ready to crack. The subject at that same time commented " I know what you people are doing to me. It's in that file" and "do I have to go to Washington myself to settle this". Reporting person who noted those comments by [redacted] stated that b6 his tone when the comments were made was very threatening. [redacted] b7C states that he has become aware of the situation that after leaving [redacted] went to the DNR office in Walworth and demanded the return of his shotgun shells that had been confiscated from him on an earlier misuse of gun charge. The reason he gave for needing them was that he needed them. [redacted] stated that as a result of that contact [redacted] has an additional appointment with [redacted] of the DNR on Oct. 2, 1987 at 1:00 p.m. to attempt to handle the request by [redacted] for the ammunition. [redacted] believes because of the threatening nature and the progressive hostility displayed by [redacted] and from talking to the DNR that [redacted] possible well-being of the persons involved in Les Aspin's office.

It should be noted it is believed on the date Aug. 31, 1987 when the subject was at Les Aspin's office at 210 Dodge Street, he did become agitated and lost control and threw a bag on to one of the secretary's desk, emptying its contents which consisted of a discharge plaque, ribbons and other military type documents. Some of the contents hit the secretary and that directly after the act [redacted] stormed out of the office. b6 [redacted] stated that as a result of these continual contacts he has had contact with b7C Capitol Hill Police, a threat unit in Washington D.C. and in particular, Det. [redacted] b7E at [redacted] After the circumstances were explained to him about the continual contacts and the escalated agitation that the threats should definitely be taken serious and that any and all precautions necessary should be taken. The detective from THE threat unit also advised that if possible contact should be made with the FBI and solicit any and all type cooperation possible from them in this matter.

[redacted] also stated that he has had contact also with the Walworth Co.S.O., in particular

## 12. NARRATIVE - DETAILS

a Det. [redacted] (or something of that nature). It was first believed that a meeting would take place between the Walworth Co. authorities [redacted] to attempt to defuse the situation. It was learned that no meeting took place for fear that it might agitate the subject further. When [redacted] had contact with that representative from Walworth Co. he was advised that [redacted] is, in fact, the outdoor type individual and he is proficient with a rifle and bow and that they believed, as did the DNR who has had contact with him that if a Warden would have a one on one contact with the individual that the subject most likely would respond violently and attempt to injure the warden. It was further learned that the subject apparently, in 1985, was involved in an investigation in which a complaint was filed about a duck blind being burned and that although he was not charged he was a suspect in that action.

At the completion of the meeting [redacted] was advised that should his office become aware of the subjects presence in the building or near the building to immediately contact this dept. by the emergency line. Officers will then respond accordingly. [redacted] stated that they are taking precautions to prevent conflicts with the subject and have gone to the extent of rearranging the office for safety reasons. They have locked the main entranceway so that they can monitor persons coming and going more closely.

At the completion of the meeting with [redacted] in the A.M. this date it was decided that [redacted] and myself would reappear at 1300 hrs. to sit in on a follow up meeting with FBI Agent [redacted] in an attempt to coordinate efforts in reference to the suspect listed.

As a result of that follow up meeting all necessary information was relayed to the FBI agent and it was determined she would return to the U.S. Attorneys office in Madison and get an opinion to determine if, in fact, any charges could be brought against the subject in reference to the act where he threw items at, or near the secretary and struck her. Agent [redacted] stated that she believes because of the circumstances involved that her department would become involved in the investigation and may make direct follow up interview contact with the suspect at his residence to determine his status and to better monitor the situation. At the completion of that meeting it was relayed again that the information would be dispersed to uniformed officers who would be the initial responding units and that should the subject appear the office of Les Aspin would contact this department.

Upon arrival at the department a check was made of the subject through the DOT computer and it was found that he, in fact, does list an address of [redacted] There are 3 separate vehicles registered to him with that address, one being a '72 Ford and the second being an '84 Ford truck and the 3rd being an '85 Ford 2 door which is believed to be a passenger vehicle according to the registration. See the attached MVD teletype in reference to that information which is attached.

## 12. NARRATIVE-DETAILS

Follow up telephone contact made with Walworth Co. S.O. Contact made for the purpose of discussing the situation involving the subject [redacted] who resides in that detective's jurisdiction. When that contact was made [redacted] indicates that he is familiar with that individual and would classify him as a mental subject with an extremely bad attitude towards other people. [redacted] stated that he has been contacted by [redacted] from Washington D.C. and he [redacted] at this time was in the process of compiling reports relating to [redacted] and if I wished a copy of those reports would also be forwarded to me. In additional conversation with [redacted] I advised him that the resident agent from Madison [redacted] was also involved in the investigation at this time and that if he wished I would pass his name and number on to her so that the 2 agencies might coordinate their efforts and the FBI also received a copy of his reports. At that time [redacted] stated that all of his reports at this time are not completed but that he may be able to have them completed and might personally drop them off at this dept. so that they might be on file. Through the course of the contact with [redacted] he did advise me that b6 he is aware of the fact that [redacted] has a scheduled appointment some time on 10/2/87 b7C with a DNR representative by the name of Doug Hoskins who is affiliated with the Kettle Moraine office located by Palmyra and from conversation with the warden they likewise believe that [redacted] is possibly potentially dangerous and are not treating his actions lightly. For any future possible reference or contact with the Palmyra DNR office phone # would be [redacted]

At the completion of the contact with [redacted] follow-up contact was made with the FBI office in Madison and information earlier mentioned relayed to [redacted] for her eventual contact with the Walworth Co. S.O. At that same time I advised her that b6 I had located a report filed from 8/31/87 in which that same subject did appear at the b7C 210-Dodge Street address and did create a problem and that if she wished a copy of that report, it would also be forwarded to her.

Follow up contact made with Warden John Hasse who is affiliated with the Palmyra Kettle b6 Moraine area. In conversation with Warden Hasse he did confirm that his office does b7C have a scheduled meeting with [redacted] on 10/02/87 in reference to a situation that developed after [redacted] appeared at his office several times demanding or requesting a box of shells that was confiscated from him by a game warden after he was sighted for a violation 2 years ago. Warden Hasse stated that [redacted] advised the office that if they did not get what he wanted, he was going to be in the area every day during the pheasant season and he would stop at their office and in general give them a bad time until he got what he wanted. Warden Hasse stated that the meeting between [redacted] will be handled by one of the supervisors by the name of Doug Hoskins and that police personnel may be in the general vicinity and/or close by in case there is a problem. Warden Hasse stated that from checking the individual it is found that he has had several contacts with enforcement people from the DNR and has been sighted on at least one other occasion for having too many fishing lines and for having an illegal blind during deer season. He believed that

12:05pm Reporting Officer received a phone call from [REDACTED] United States Capitol Police, Washington D.C. He would be a detective in the threat assessment unit. Their phone number is [REDACTED] The reason that [REDACTED] called this department was to alert us to a threat that was made to the Staff of Democrat Les ASPIN Office in Janesville, WI. [REDACTED] went on to explain that they routinely receive threats to Congress members or Senators and that it is his job or one of his jobs to assess the threat and take appropriate actions. I was advised that the party doing the threatening of the staff would be [REDACTED] Lists a dob. of [REDACTED] and a home address of [REDACTED] Reporting Officer checked with the [REDACTED] and found that in October of 1982 there was disorderly conduct charge to this subject and in June of 1987 he was a complainant on a criminal damage to property. This information was turned over to [REDACTED] along with the fact that we have no record here at the Sheriff's Office on this subject. [REDACTED] went onto explain to this Officer that he is a veteran, that [REDACTED] feels that the U.S. Government owes him that job.) He has been referred to the V.A. but refuses to go for assessment or assistance. [REDACTED] [REDACTED] felt that the staff at Janesville is concerned for the safety of not only the staff but Congressman Les ASPIN. He gave me a number to call for further information. She described his as approximately 6'3", 190 - 220, blue eyes, dark hair wearing mirror type sunglasses and a camouflaged-baseball-type hat. She stated he was of large frame man with a ill temper and was very intimidating to the staff. She further advised that the Rock County Sheriff's Office, the Janesville Police Department and Washington D.C. threat assessment unit had been notified. I thanked her and advised her to call Janesville Police Department should this individual return to their location.

1:20pm Received a call from John HASSE, Department of Natural Resources Kettle Moraine State Forrest Visiting Center located Hwy 59 between Eagle and Palmyra. He advised that he had sent in an alpha check on a party that had appeared at the visiting center at approximately 12:20pm acting rather strange. That party being [redacted] [redacted] When he received the reply from Madison he noticed that my name was also on the teletype that was the reason for him calling this officer. After a short conversation with John HASSE, I advised him that any of the information that he had should be forwarded directly to [redacted] of U.S. Capitol Police, Washington D.C. and the phone number [redacted] John HASSE advised this officer that the subject in question came to the vistor center and stated that he wanted his shot guns shells back. He stated he had been sited by Warden approximately a year and a half and at that time some shot gun shells were removed from him. An appointment was set up for the subject to come back to talk with a Supervising Warden for Friday. In conversation between Warden HASSE and this Officer he stated to me that his subject had been cited by DNR Rangers and Wardens for two hunting violations in the last several years. It was his opinion that the man was acting strange and seemed to be in need of some mental help. I advised him to make sure to call [redacted] at Washington D.C. and advise him of the background from DNR.

1:55pm I placed a call back to Washington D.C., talked with Detective [redacted] of the threat assessment unit. Passed on to him the information regarding [redacted] his drivers license information and the vehicles owned by him, the description and license numbers. [redacted] suggested or requested that our department contact [redacted] [redacted] and assess him as to his attentions before carrying this matter further.

## FEDERAL BUREAU OF INVESTIGATION

Date of transcription 10/14/87

After several attempts, [redacted] of [redacted] [redacted] telephone [redacted] was contacted at his residence and was interviewed regarding comments he had made to various employees of Congressman LES ASPIN while visiting ASPIN's office in Janesville, Wisconsin. Specifically, he was questioned as to whether he had threatened to do harm to Congressman ASPIN while having visited the noted Congressman's office.

b6  
b7C

[redacted] admitted to having visited Congressman ASPIN's office in Janesville, Wisconsin, but he stated that at no time did he ever threaten the Congressman or any of his employees, nor did he wish any harm to them.

b6  
b7C

He explained that he is a veteran and that he served in the United States Military from approximately 1973 through 1979. He advised that for the past seven to nine years, he has been trying to seek employment with the United States Government under its Veterans Readjustment Act (VRA). He stated that to date he has been unable to obtain a job under the Government's VRA program and that he has become upset particularly with Congressman LES ASPIN and the members of his staff because they do not seem to want to help. He said that in order to get the attention of Congressman ASPIN and his office, he did recently visit the Congressman's office and he acknowledged that he did say, "I'm a Government-trained killer, and I'm just about ready to crack." [redacted] explained his latter statement by advising that he was trained by the U.S. Military to do battle for his country and to kill for his country if necessary. He stated that since he has shown his willingness to serve his country, the least his country could do is to actively and effectively help him find a job. He advised that since Congressman ASPIN and his office have not been very helpful in assisting him, he did pay visits to the Congressman's office and gave them a hard time, so that they would better realize his need.

b6  
b7C

[redacted] stated that it was his belief that certain members of Congressman LES ASPIN's office contacted the Federal Bureau of Investigation (FBI) because he, [redacted] was giving them a hard time and instead of handling his problem themselves, they just deferred the whole matter to the FBI.

Before the interview was concluded, [redacted] was advised and warned that it was against federal law to threaten and to do bodily harm to various members of the U.S. Government, including Congressmen. Records further indicate that on 9/29/87, [redacted] appeared at the Staff Offices of Congressman LES ASPIN in Janesville, Wisconsin, at which time he [redacted] advised that he was a veteran, and felt that the U.S. Government owed him a job.

[redacted] made physical threats toward the staff, and also threatened to travel to Washington, D.C., to get his problem solved. Staff members described [redacted]

[redacted] was quoted as stating "I'm crazy, on the edge and I'm ready to explode." The incident prompted a staff member to notify [redacted] of the U.S. Capitol Police in Washington, D.C., as well as local law enforcement officials in Wisconsin, as to their concern for the safety of staff members and Congressman ASPIN.

On the same date, 9/29/87, records reflect that [redacted] appeared at the Wisconsin Department of Natural Resources Kettle Moraine State Forest Visiting Center, near Eagle and Palmyra, Wisconsin, "acting rather strange." He had apparently come to the visiting center to reclaim shotgun shells which had been confiscated from him by a Warden approximately one and one-half years prior. On this same date, 9/30/87, [REDACTED] U. S. Capitol Police, discussed this case with law enforcement officials in Wisconsin, at which time he noted that his department was concerned about Congressman ASPIN'S safety, in view of [REDACTED] visit to the Staff Office; he further advised that the FBI might ultimately become involved in the investigation. Because of the concern expressed by [REDACTED] arrangements were made between him and [REDACTED] [REDACTED] Walworth County Sheriff's Department, Wisconsin, for security to be provided to Congressman ASPIN on his planned trip to Elkhorn, Wisconsin, on 10/17, 18, and 19, 1987. [REDACTED] noted that the recommendation for protection was based on the fact that [REDACTED] was very abrasive, volatile, and had displayed aggressive behavior. He further noted that [REDACTED] had access to weapons and was considered an expert with a rifle by local authorities; it was also noted that [REDACTED] was considered dangerous and suffered from mental problems.

b6  
b7C

On 10/13/87, [REDACTED] was personally interviewed by FBI Milwaukee at his place of residence, [REDACTED] During the interview [REDACTED] emphatically denied ever having made threats to do harm to Congressman ASPIN or any of his employees. [REDACTED] stated his purpose for agitating, showing ire, and making various comments, including his alleged craziness and being a trained killer, were all done in order to have the Congressman's office give him better assistance in helping him to find a job. [REDACTED] was both cautioned and warned that threats and other related activities could constitute a violation of federal law. The results of the interview with [REDACTED] were presented to Assistant U.S. Attorney [REDACTED] Western District of Wisconsin, Madison, Wisconsin, for a prosecutive opinion. Most recently, [REDACTED] again came to the attention of the U.S Capitol Police on 9/19/88, when [REDACTED] telephone # 608-752-9074 [REDACTED] to Congressman LES ASPIN, advised of the following:

b7C

On 9/18/88, during the opening ceremonies of Congressman ASPIN'S campaign office in Delavan, Wisconsin, [REDACTED] approached the Congressman and grabbed him by the arm. According to witnesses, [REDACTED] stated..."you mother fucker you're the most disgusting person I've ever met." [REDACTED] was removed from the area by [REDACTED] of the Delavan, Wisconsin, Police Department.

b6  
b7C

[REDACTED] further advised that [REDACTED] had told him that the FBI interviewed him regarding a threatening statement which he [REDACTED] had made previously. According to [REDACTED] told him that he [REDACTED] had "snowed the FBI" by telling them that he had not made the statement, and they believed him.

b6

## FEDERAL BUREAU OF INVESTIGATION

Date of transcription 11/1/88

[redacted] was contacted at his residence, [redacted] was advised of the identities of the interviewing agents, and the purpose of the interview. He thereafter provided the following information:

[redacted] grievance stems from his inability to obtain employment with any agency of the Federal Government, to which he feels he is entitled. [redacted] cited a law allegedly passed by Congress in the mid-1970's, known as the Veterans Readjustment Act, which entitles any Vietnam-era veteran to be hired by the government on a non-competitive basis. Since his discharge from the army in [redacted] has attempted to obtain employment with numerous agencies of the government, believing that he has met the minimum qualifications and should therefore be automatically hired. [redacted] believes he has been receiving the "run-around" for more than 10 years now, and is frustrated that no one will take responsibility for enforcing the law. Since Congress passed the law, [redacted] decided to seek help from his representative, Congressman LES ASPIN.

ASPIN did put [redacted] in touch with an individual in the Office of Management and Budget, but to no avail. [redacted] has become increasingly disillusioned and embittered with the government, but maintains that he would still like some type of employment with them, as long as it was at the level of GS-5 or above. [redacted] stated several times that he believes he is entitled to a job, above and beyond any other qualified applicants, due to the fact that he served his country in the army for 3 1/2 years. [redacted] has made no attempt to contact either senator from Wisconsin, although he offered no good reason for failing to do so. His most recent encounter with Congressman ASPIN, in September of 1988, was not touched off by any particular incident, but was simply due to the fact that ASPIN was in the area, and provided an opportunity for [redacted] to exercise his freedom of speech.

[redacted] characterized his desire to work for the government as an obsession, which he has actively pursued for more than 10 years. After discovering the Veterans Readjustment Act, he seized upon it as a means of achieving his goal. He likened the whole process, however, to a game, which has now reached its conclusion. [redacted]

b6

[redacted] now believes he is too old to qualify for the civil service positions in which he is interested, although he will continue to verbally express his displeasure with the system.

[redacted] stated that he has never been under the care of a psychiatrist, nor has he ever been hospitalized. He executed an FD-465, Authority to Release Medical Information, and advised that he would willingly speak with a Bureau-designated psychiatrist if so requested.

b6  
b7C

[redacted] advised that he has never contacted any veterans organizations because he does not feel that he needs their help. He later stated that the VA JOB SERVICE CENTER did not appear interested in helping him, but could only suggest low paying jobs in the area.

CONGRESSIONAL, CABINET, AND SUPREME COURT ASSASSINATION,  
KIDNAPPING, AND ASSAULT (MEMBER OF CONGRESS-ASSAULT)

Investigation in this matter was initially predicated on an incident occurring [redacted] wherein [redacted] appeared at the staff offices of Congressman LES ASPIN in Janesville, Wisconsin, and made several threats to members of the staff. Investigation at that time determined that [redacted] was well known to local law enforcement officials, who considered him to be volatile, confrontational, and capable of violence. They also noted that he was an avid outdoorsman, and an expert with both rifle and bow and arrow. At that time, [redacted] was interviewed by a Special Agent of the Federal Bureau of Investigation (FBI) and denied ever threatening ASPIN or any of his employees.

b6  
b7c

On September 18, 1988, [redacted] approached Congressman ASPIN during the opening ceremonies of his campaign office in Delavan, Wisconsin, and verbally assaulted him, saying "... you mother fucker, you're the most disgusting person I've ever met." [redacted] was removed from the area by a member of the Delavan Police Department.

b6  
b7c

Following this most recent incident, [redacted] was once again interviewed by Special Agents of the FBI. He again denied having any desire to harm the Congressman, but stated that he only sought to exercise his freedom of speech. [redacted] grievance stems from his inability to obtain employment with the Federal Government, to which he feels he is entitled. [redacted] cited a law allegedly passed by Congress in the mid 1970's, known as the Veterans Readjustment Act (VRA), which entitles any Vietnam era

veteran to be hired by the government on a non-competitive basis. Since his discharge from the army in [redacted] has attempted to obtain employment with numerous government agencies to no avail. [redacted] has become increasingly frustrated, receiving the "run around" for more than 10 years now, and feels that no one is taking responsibility for enforcing the law. He turned to the office of Congressman ASPIN for help since it was congress who originally passed the law.

b6  
b7C

Although ASPIN did put [redacted] in touch with an individual in the Office of Management and Budget, the results were not satisfactory. [redacted] has become increasingly disillusioned and embittered with the government. He still maintains, however, that he would like some type of employment with the government, believing that the Veterans Readjustment Act entitles him to a job, above and beyond any other qualified applicants. [redacted] has made no attempt to contact either senator from Wisconsin, although he offered no good reason for failing to do so. He advised that his most recent encounter with Congressman ASPIN was not touched off by anything in particular, but was simply due to the fact that ASPIN was in the area.

b6  
b7C

[redacted] admitted that he is obsessed with his pursuit, and has been for more than 10 years now. He likened the whole process, however, to a game which has now reached its conclusion. Having recently attained his [redacted] now believes he is too old to qualify for the civil service positions in which he is interested. He advised that he will continue to verbally express his displeasure with the system whenever the opportunity arises.

b6

[redacted] stated that he has never been under the care of a psychiatrist, nor has he ever been hospitalized. He considers himself to be quite normal, but advised that he would willingly speak with a psychiatrist if requested to do so.

OBSERVATIONS

After several attempts at making contact, arrangements were made to interview [redacted] at his home, which was observed to be clean and neat. [redacted] was generally polite, offering refreshments to the agents, and apologizing for the fact that he was not feeling well. His [redacted] while unobtrusive, appeared to be friendly and quite supportive [redacted]

At no time during the interview did [redacted] lose his temper or his composure. He admitted to being obsessed with the VRA, but was unable to cite the actual law, or even the year that it was passed. Although this law is allegedly directed at veterans, [redacted] advised that he has never contacted any veterans organization because he does not feel that he needs their help.

[redacted] appeared unannounced at the Madison, Wisconsin Resident Agency at approximately 3:30 p.m. on January 18, 1989, for the purpose of discussing his status as a result of recent investigations by the Federal Bureau of Investigation (FBI). This visit was apparently triggered by a January 9, 1989 interview [redacted] and attempted communication with him [redacted] by Supervisory Senior Resident Agent (SSRA) [redacted] and Special Agent (SA) [redacted]

b6  
b7C

[redacted] was advised that FBI investigative activity had been generated by his perceived belligerent/hostile behavior directed at Congressman LES ASPIN and his staff. [redacted] indicated that he held no personal animosity toward the Congressman or his staff and that his initial contact was quite cordial. When over a year had gone by with little done in the way of securing Federal employment, he became frustrated and his irritation at the system may have resulted in the perception that he was a threat to them.

b6  
b7C

(X)

Throughout the interview, [redacted] seemed obsessed with the idea that the Government owed him a non-competitive Federal job based on his "Vietnam Era" veteran's status, and that for 10 years he had been victimized by various Federal agencies who had discriminated in denying him such a job. He was unable or unwilling to identify any specific positions for which he had applied and was subsequently rejected. He indicated he was unwilling to pursue his complaints using available legal remedies, and appeared unreceptive to offers to introduce him to veterans counselors.

b6  
b7C

[redacted] demeanor was belligerent and argumentative throughout his visit. He referred to himself as a "loser" on several occasions and would give no indication as to his future plans regarding Congressman ASPIN/staff or others.
